SUBJECT INDEX*

ABSTRACTS
Asian Pacific Congress of Cardiology. 4th, Proceedings, September 1968, 1086
ACCLIMATIZATION
Lack of acclimatization—the cause of discomfort during *hamsin* heatwaves. Physiological observations in "experimental *hamsin*," 867
ACID PHOSPHATASE
Red cell acid phosphatase activity in carriers of β-thalassemia trait and glucose-6-phosphate dehydrogenase deficiency, 858
ADENOSINE TRIPHOSPHATE
Effect of ATP on ethionine-induced testicular damage in rats, 1236
ADIPOSE TISSUE
Adipose tissue and neonatal homeostasis, 277
ADRENAL CORTEX HORMONES
Control of steroid hormone synthesis in human fetal adrenals, 298
ALKALINE PHOSPHATASE
Changes in the enzyme levels of mouse organs after leukemogenic doses of X-ray and treatment with radiation leukemia protection factor, 1188
AMEBIASIS
Infection with *Entameba histolytica* and the clinical syndrome of amebiasis. Incidence in a general hospital in Israel, 1254
AMINOTRANSFERASES
Serum enzyme activity in hypothyroidism. 285
AMYLOIDOSIS
Amyloidosis of the stomach associated with impaired gastric secretion of intrinsic factor and the development of vitamin B_{12} deficiency, 1005
The cellular origin of amyloid. Electron microscopic study in a case of amyloidosis, 987
The dissociation of the amyloid filament to subunits, 982
Impaired immunity in the etiology of amyloidosis: A speculative review, 1020
Oral biopsy in the diagnosis of amyloidosis, 1000
The role of amyloidosis in familial Mediterranean fever. A population study, 995
The role of the immunologic apparatus in the pathogenesis of experimental amyloidosis, 1035
ANEMIA
Hemoglobinopathies. Abnormal hemoglobins and thalassemias, 478
Microangiopathic hemolytic anemia and defibrination syndrome in metastatic carcinoma of the stomach, 69
A therapeutic trial in anemia of pregnancy, 218
ANGINA PECTORIS
Variations in prevalence of ischemic heart disease in defined segments of the male population of Israel, 775
ANTIGENS
Differentiation of the thymus-leukemia (TL) antigen in the thymus of mouse embryos, 1210
Immunological and biological nature of antigens of *Streptococcus mitis* and *Streptococcus salivarius*, 236
APHORISMS AND PROVERBS
Hebrew medicine, 40, 75, 158, 245, 276, 297, 318, 826, 900, 976, 1011, 1034, 1209, 1229, 1259
ARBOVIRUS INFECTIONS
Tropical diseases, 390
ARGINASE
Inhibition of the growth of cultured cells by arginase and soluble proteins from mouse skin, 1216
ARTERIAL OCCLUSION
Acute peripheral arterial occlusion due to blunt traumatic rupture of the intima, 905
ARTHRITIS, RHEUMATOID
The use of questions as an indication of active rheumatoid arthritis, 210
ASCORBIC ACID
The oxidant effect of isouramil on red cell glutathione and its synergistic enhancement by ascorbic acid or 3,4-dihydroxyphenylalanine. Possible relation to the pathogenesis of favism, 852

BACTERIA
Immunity to intracellular bacteria, 315
BENZANTHRACENES
Spontaneous partial regression of 9–10 dimethyl 1–2 benzanthracene-induced epithelial atypia in the hamster cheek pouch (SPC), 913
BILIARY TRACT DISEASES
Diseases of intrahepatic bile ducts, 21
BIOGRAPHY
Professor Saul Adler—*in memoriam*, 1050
Saul Adler. The scientist as consultant to the clinician: Highlights of 30 years' association, 1053
BLINDNESS
Blindness, 932
BLOOD SEDIMENTATION
Heart failure, proteinuria, hyperglobulinemia and rapid sedimentation rate (CPC), 1044

* CPC = Clinico-pathological Conference.
SPC = Short and Preliminary Communication.

BLOOD SUGAR
Behavior of serum free fatty acids and glucose during lactose tolerance tests, 100
Effect of tolbutamide on blood glucose, plasma free fatty acids and insulin in normal and obese children, 290
BONE AND BONES
Alterations in the mineral composition and metabolism of rat fetuses and their placentas induced by maternal hypervitaminosis D_2, 827
Extracorporeal irradiation of bone tumors (SPC), 1015
BRAIN DISEASES
Chronic rhinocerebral mucormycosis (phycomycosis) with occlusion of left internal carotid artery, 977
BRUCELLA
Immunization against brucella with killed vaccines. III. Experiments in mice, 246
BUTYROLACTONE
Pathological lesions, including tumors, in rats after 4,4′-diaminodiphenylmethane and γ-butyrolactone, 1146

CALCIUM
Alterations in the mineral composition and metabolism of rat fetuses and their placentas induced by maternal hypervitaminosis D_2, 827
The uptake of $Co^{57}B_{12}$ by rat liver slices. 1. Effect of calcium and intrinsic factor. 2. Demonstration of an intrinsic factor-like effect in human serum, 843
Urinary excretion of calcium and phosphorus following gastrectomy. An experimental study in rats (SPC), 152
CANDIDA
Epidemiological significance of oral *Candida* in recurrent candidal vaginitis (SPC), 1268
CARCINOGENS
Chemical structures and pathological effects of pyrrolizidine alkaloids, 1133
Pathological lesions, including tumors, in rats after 4,4′-diaminodiphenylmethane and γ-butyrolactone, 1146
Pituitary hormones and the mechanism of induction of liver cancer with *N*-hydroxy-*N*-2-fluorenylacetamide, 1223
CAROTID ARTERIES
Chronic rhinocerebral mucormycosis (phycomycosis) with occlusion of left internal carotid artery, 977
CAROTID BODY
Central organization of the tachypneic response of carotid body chemoreceptors to cyanide stimulation, 837
CELIAC DISEASE
Childhood celiac disease in Israel. Epidemiological aspects, 1260
CELL NUCLEUS
Inverse relation between nuclear size and incidence of peripheral sex chromatin (SPC), 307
CELL PROLIFERATION
Measurements of cell proliferation, 159
CHLAMYDIA
Hemagglutinin of trachoma agent (SPC), 305
CHOLELITHIASIS
Diseases of intrahepatic bile ducts, 21
CHOLERA
Tropical diseases, 390
CIGARETTES
Coli-aerogenes bacteria in cigarettes (SPC), 303
COLITIS
Conservative (supportive) treatment of severe ulcerative colitis. Methods and results, 130
Segmental (granulomatous) disease of the colon, 146
Some considerations of immunologic mechanisms in nonspecific ulcerative colitis, 122
COLON
The human colon: Its study and absorptive functions, 140
COMMUNICABLE DISEASES
Concept of epidemiological surveillance of communicable diseases, 402
COMMUNITY HEALTH SERVICES
The general practitioner and the evolution toward "community medicine," 656
Organization of health services with limited professional manpower, 599
Planning of health insurance and health services in developing countries, 724
Priorities in medical services, 368
Some reflections on developing health services, 384
What priority health? Tasks and priorities in the organization of medical services, 350
COMPUTERS
Methods used for computer processing of dietary data in an ischemic heart disease project, 204
CONGRESSES
Asian Pacific Congress of Cardiology, 4th, Proceedings, Jerusalem and Tel Aviv, 1968, 1086
Congress of the European Society for Paediatric Endocrinology, 6th, Haifa, 1967, 322
World Congress of Fertility and Sterility, 6th, Tel Aviv, 1968, 935
CORONARY DISEASE
The development of a dietary questionnaire for an ischemic heart disease survey, 195

An epidemiologic investigation of hypertension and ischemic heart disease within a defined segment of the adult male population of Israel, 177
Methods used for computer processing of dietary data in an ischemic heart disease project, 204
The prevalence of ischemic heart disease in relation to selected variables, 789
Variations in prevalence of ischemic heart disease in defined segments of the male population of Israel, 775
CYANIDES
Central organization of the tachypneic response of carotid body chemoreceptors to cyanide stimulation, 837

DEFIBRINATION SYNDROME
Microangiopathic hemolytic anemia and defibrination syndrome in metastatic carcinoma of the stomach, 69
DEFICIENCY DISEASES
Nutrition in developing countries, 425
DENERVATION
Differential effects of hypothalamic deafferentation on responses to different stresses (SPC), 908
DENTAL PULP DISEASES
Pulp pathology in deciduous teeth. Clinical and histological correlations, 1244
DEOXYRIBONUCLEASE
Changes in the enzyme levels of mouse organs after leukemogenic doses of X-ray and teatment with radiation leukemia protection factor, 1188
DIAMINODIPHENYLMETHANE
Pathological lesions, including tumors, in rats after 4,4′-diaminodiphenylmethane and γ-butyrolactone, 1146
DIET
The development of a dietary questionnaire for an ischemic heart disease survey, 195
Methods used for computer processing of dietary data in an ischemic heart disease project, 204
DOPA
The oxidant effect of isouramil on red cell glutathione and its synergistic enhancement by ascorbic acid or 3,4-dihydroxyphenylalanine. Possible relation to the pathogenesis of favism, 852
DWARFISM, PITUITARY
Genetic aspects of pituitary dwarfism due to absence or biological inactivity of growth hormone, 895
Pituitary dwarfism with high serum levels of growth hormone, 883

EDTA
In vitro studies on the effect of heat on root canal enlargement by EDTA (SPC), 302
Utilization of energy sources for potassium accumulation in EDTA-treated cells of *Escherichia coli*, 227
EDUCATION, MEDICAL
The general practitioner and the evolution toward "community medicine," 656
Principles and methods for undergraduate medical education in developing countries, 638
Training for research and teaching, 677
Training for research and teaching, 682
ELECTROCARDIOGRAPHY
Observations on the fetal electrocardiogram in postmaturity, 949
ELECTROLYTES
The human colon: Its study and absorptive functions, 140
ENTAMEBA HISTOLYTICA
Infection with *Entameba histolytica* and the clinical syndrome of amebiasis. Incidence in a general hospital in Israel, 1254
ENTERITIS, REGIONAL
Segmental (granulomatous) disease of the colon, 146
ENVIRONMENTAL HEALTH
Environmental health in developing countries, 415
Urbanization and health, 532
EPIDEMIOLOGY
Concept of epidemiological surveillance of communicable diseases, 402
An epidemiologic investigation of hypertension and ischemic heart disease within a defined segment of the adult male population of Israel, 177
An epidemiologic study of carcinoma of the ovary in Israel, 820
The prevalence of ischemic heart disease in relation to selected variables, 789
The transmission of toxoplasmosis, 1074
Variations in prevalence of ischemic heart disease in defined segments of the male population of Israel, 775
ESCHERICHIA COLI
Coli-aerogenes bacteria in cigarettes (SPC), 303
Utilization of energy sources for potassium accumulation in EDTA-treated cells of *Escherichia coli*, 227
ESTROGENS
Experimental production of hyperostosis frontalis interna in mice, 1230
ETHIONINE
Effect of ATP on ethionine-induced testicular damage in rats, 1236

FAMILIAL MEDITERRANEAN FEVER
The role of amyloidosis in familial Mediterranean fever. A population study, 995
FATTY ACIDS, NONESTERIFIED
Behavior of serum free fatty acids and glucose during lactose tolerance tests, 100
Effect of tolbutamide on blood glucose, plasma free fatty acids and insulin in normal and obese children, 290
Free fatty acids in obese subjects treated with anorexigenic drugs (phenmetrazine) (SPC), 311
Genetic aspects of pituitary dwarfism due to absence or biological inactivity of growth hormone, 895
FAVISM
The oxidant effect of isouramil on red cell glutathione and its synergistic enhancement by ascorbic acid or 3,4-dihydroxyphenylalanine. Possible relation to the pathogenesis of favism, 852
FERTILITY
World Congress of Fertility and Sterility, 6th, Tel Aviv, 1968, 935
FETAL HEART
Observations on the fetal electrocardiogram in postmaturity, 949
FETUS
Control of steroid hormone synthesis in human fetal adrenals, 298
The placenta and fetal tissues. A cooperative enterprise for the synthesis of steroids, 270
FLUORESCENT ANTIBODY TECHNIQUE
Rapid titration of high concentrations of SV_{40} virus by immunofluorescence, 945
FOOD SUPPLY
Applied nutrition, 443
FOREIGN BODIES
Prevalence of asbestos bodies in basal lung smears, 223

GAMMA-GLOBULIN
Immunoglobulins in rheumatic fever, 815
GASTROINTESTINAL SYSTEM
The endoscopic diagnosis of hiatus hernia, 60
Estimation of gastric acidity by X-ray (SPC), 149
Gastric surface epithelial function: A biochemical barrier, 55
Intraluminal factors affecting iron absorption, 917
Measurements of cell proliferation, 159
Microangiopathic hemolytic anemia and defibrination syndrome in metastatic carcinoma of the stomach, 69
Urinary excretion of calcium and phosphorus following gastrectomy. An experimental study in rats (SPC), 152
GENERAL PRACTICE
The general practitioner and the evolution toward "community medicine," 656
GENETICS, HUMAN
Pharmacogenetics, 488
GLUCOSE TOLERANCE TEST
Effect of progesterone on glucose tolerance in women, 878
GLUCURONIDASE
The value of urinary β-glucuronidase activity in the assessment of urinary tract infections, 1249
GLUTATHIONE
The oxidant effect of isouramil on red cell glutathione and its synergistic enhancement by ascorbic acid or 3,4-dihydroxyphenylalanine. Possible relation to the pathogenesis of favism, 852
GOUT
Increased formation of 5-phosphoribosyl-1-pyrophosphate in red blood cells of some gouty patients, 939
GPD DEFICIENCY
Red cell acid phosphatase activity in carriers of β-thalassemia trait and glucose-6-phosphate dehydrogenase deficiency, 858
GRANULOMA
Superior vena cava syndrome, due to mediastinal granuloma, treated by surgical reconstruction, 252

HEALTH MANPOWER
The auxiliary in medicine, 614
The "brain drain"—an impromptu discussion, 698
Health and manpower. Interrelationship between health and socioeconomic development, 586
Organization of health services with limited professional manpower, 599
Training of paramedical personnel in the developing countries, 665
HEALTH AND WELFARE PLANNING
Development of health protection program. Theory and praxis, 711
Planning of health insurance and health services in developing countries, 724
Priorities in medical services, 368
What priority health? Tasks and priorities in the organization of medical services, 350
HEART ATRIUM
Antero-superior right atrial rhythms (SPC), 308
Is the negative P wave in lead V_6 a reliable sign of left atrial rhythm? (SPC), 1012
HEART BLOCK
Wolff-Parkinson-White syndrome in the presence of intermittent atrioventricular block, 258

HEART FAILURE, CONGESTIVE
Heart failure, proteinuria, hyperglobulinemia and rapid sedimentation rate (CPC), 1044
HEAT
In vitro studies on the effect of heat on root canal enlargement by EDTA (SPC), 302
Lack of acclimatization—the cause of discomfort during *hamsin* heatwaves. Physiological observations in "experimental *hamsin*," 867
HELMINTHS
Helminth fauna in man and domestic animals in Israel, 1069
HEMAGGLUTININS, VIRAL
Hemagglutinin of trachoma agent (SPC), 305
HEMODIALYSIS
Gastrointestinal hemorrhage complicating chronic hemodialysis, 66
Simplified dialysate supply system for hemodialysis center, 875
HEMOGLOBINOPATHIES
Hemoglobinopathies. Abnormal hemoglobins and thalassemias, 478
HEMORRHAGE
Effect of acute blood loss on pulmonary compliance in the rabbit, 1241
Gastrointestinal hemorrhage complicating chronic hemodialysis, 66
HEPATITIS, INFECTIOUS
Geographical and comparative pathology of liver diseases, 469
HEREDITARY DISEASES
Genetic aspects of pituitary dwarfism due to absence or biological inactivity of growth hormone, 895
HERNIA
The endoscopic diagnosis of hiatus hernia, 60
Hernia through the foramen of Winslow, 117
HOMEOSTASIS
Adipose tissue and neonatal homeostasis, 277
HOSPITALS
The place of the hospital in the community, 569
HYDROXY-FLUORENYLACETAMIDE
Pituitary hormones and the mechanism of induction of liver cancer with *N*-hydroxy-*N*-2-fluorenylacetamide, 1223
HYPERGLOBULINEMIA
Heart failure, proteinuria, hyperglobulinemia and rapid sedimentation rate (CPC), 1044
HYPERNATREMIA
The effect of hypernatremia on urea production in nephrectomized rats, 833
HYPEROSTOSIS FRONTALIS INTERNA
Experimental production of hyperostosis frontalis interna in mice, 1230
HYPERTENSION
An epidemiologic investigation of hypertension and ischemic heart disease within a defined segment of the adult male population of Israel, 177
HYPERTENSION, PORTAL
The diagnosis of portal hypertension with I^{131}, 41
HYPOTHALAMUS
Differential effects of hypothalamic deafferentation on responses to different stresses (SPC), 908
HYPOTHYROIDISM
Serum enzyme activity in hypothyroidism, 285
HYPOVENTILATION
Obesity-hypoventilation (Pickwickian) syndrome in a child, 264

IMMUNOLOGY
Immunity to intracellular bacteria, 315
Immunization against brucella with killed vaccines. III. Experiments in mice, 246
The mechanism of radiation action in leukemogenesis. IV. Immune impairment as a coleukemogenic factor, 1181
The role of the immunologic apparatus in the pathogenesis of experimental amyloidosis, 1035
INFANT MORTALITY
Infant mortality in the Jewish population of Israel, 1960–63. A study based on linked birth and death records, 968
INSULIN
Effect of tolbutamide on blood glucose, plasma free fatty acids and insulin in normal and obese children, 290
INSURANCE, HEALTH
The Batsheva de Rothschild Symposium on Organization of Medical Care for National Health Insurance, 738
Development of health protection program. Theory and praxis, 711
Planning of health insurance and health services in developing countries, 724
INTESTINAL ABSORPTION
The human colon: Its study and absorptive functions, 140
Malabsorption syndrome and watery diarrhea in a 21-year-old man (CPC), 164
A study of the ultrastructure of the human small intestinal mucosal epithelium in health and in idiopathic steatorrhea, 76
INTRINSIC FACTOR
Amyloidosis of the stomach associated with impaired gastric secretion of intrinsic factor and the development of vitamin B_{12} deficiency, 1005
The uptake of $CO^{57}B_{12}$ by rat liver slices. 1. Effect of

calcium and intrinsic factor. 2. Demonstration of an intrinsic factor-like effect in human serum, 843

IODINE ISOTOPES, DIAGNOSTIC
The diagnosis of portal hypertension with I^{131}, 41

IRON
Intraluminal factors affecting iron absorption, 917

JAUNDICE, CHRONIC, IDIOPATHIC
Studies of hepatic excretory function. IV. Biliary excretion of sulfobromophthalein sodium in a patient with the Dubin-Johnson syndrome and a biliary fistula, 36

KWASHIORKOR
Geographical and comparative pathology of liver diseases, 469

LACTATE DEHYDROGENASE
Changes in the enzyme levels of mouse organs after leukemogenic doses of X-ray and treatment with radiation leukemia protection factor, 1188

LACTOSE INTOLERANCE
Behavior of serum free fatty acids and glucose during lactose tolerance tests, 100
Lactase and other disaccharidase deficiencies in a hospital population, 110

LEPROSY
Unsatisfactory results with thalidomide as a specific treatment for leprosy, 901

LETTERS TO EDITOR
Crohn, B. B., 934
Fried, K., 934

LEUKEMIA
Changes in the enzyme levels of mouse organs after leukemogenic doses of X-ray and treatment with radiation leukemia protection factor, 1188
Differentiation of the thymus-leukemia (TL) antigen in the thymus of mouse embryos, 1210
The mechanism of radiation action in leukemogenesis. III. Thymolytic effect induced by the leukemogenic agent, 1169
The mechanism of radiation action in leukemogenesis. IV. Immune impairment as a coleukemogenic factor, 1181
A quantitative study of the leukemogenic action of whole-body X-irradiation and urethane. I. In adult C57BL mice, 1159
A quantitative study of the leukemogenic action of whole-body X-irradiation and urethane. II. In newborn C57BL mice, 1164

LIVER
Chemical structures and pathological effects of pyrrolizidine alkaloids, 1133
Geographical and comparative pathology of liver diseases, 469
Hepatic cirrhosis: A problem in communication, 1
Pituitary hormones and the mechanism of induction of liver cancer with *N*-hydroxy-*N*-2-fluorenylacetamide, 1223
Serum B_{12}—a diagnostic test in liver disease, 47
Studies of hepatic excretory function. IV. Biliary excretion of sulfobromophthalein sodium in a patient with the Dubin-Johnson syndrome and a biliary fistula, 36
Studies in hepatic injury induced by experimental portacaval shunts, 155
Ultrastructural changes of the pig liver following vascular interruption, 8

LUNG
Prevalence of asbestos bodies in basal lung smears, 223

MALABSORPTION SYNDROME
Malabsorption syndrome and watery diarrhea in a 21-year-old man (CPC), 164

MALARIA
Recent researches on rodent malaria parasites, 1057
Tropical diseases, 390

MAMMARY NEOPLASMS, EXPERIMENTAL
Studies on the role of the thymus in viral tumorigenesis. I. Effect of thymectomy on induction of hyperplastic alveolar nodules and mammary tumors in BALB/cfC3H mice, 1195
Studies on the role of the thymus in viral tumorigenesis. II. Effect of thymectomy on induction of hyperplastic alveolar nodules in BALB/c mice infected with mammary tumor virus at various ages, 1204

MEDIASTINAL NEOPLASMS
Superior vena cava syndrome, due to mediastinal granuloma, treated by surgical reconstruction, 252

MICROSCOPY, ELECTRON
The cellular origin of amyloid. Electron microscopic study in a case of amyloidosis, 987

MOUTH
Epidemiological significance of oral *Candida* in recurrent candidal vaginitis (SPC), 1268

MUCORMYCOSIS
Chronic rhinocerebral mucormycosis (phycomycosis) with occlusion of left internal carotid artery, 977

MYOCARDIAL INFARCT
Variations in prevalence of ischemic heart disease in defined segments of the male population of Israel, 775

NEOPLASMS
Diseases of intrahepatic bile ducts, 21
Distribution of different patterns of cancer, 457
An epidemiologic study of carcinoma of the ovary in Israel, 820
Extracorporeal irridation of bone tumors (SPC), 1015
Geographical and comparative pathology of liver diseases, 469
Malabsorption syndrome and watery diarrhea in a 21-year-old man (CPC), 164
Microangiopathic hemolytic anemia and defibrination syndrome in metastatic carcinoma of the stomach, 69
Pituitary hormones and the mechanism of induction of liver cancer with *N*-hydroxy-*N*-2-fluorenylacetamide, 1223
Studies on the role of the thymus in viral tumorigenesis. I. Effect of thymectomy on induction of hyperplastic alveolar nodules and mammary tumors in BALB/cfC3H mice, 1195
Studies on the role of the thymus in viral tumorigenesis. II. Effect of thymectomy on induction of hyperplastic alveolar nodules in BALB/c mice infected with mammary tumor virus at various ages, 1204
Superior vena cava syndrome due to mediastinal granuloma, treated by surgical reconstruction, 252
NUCLEOTIDES
Increased formation of 5-phosphoribosyl-1-pyrophosphate in red blood cells of some gouty patients, 939
NUTRITION
Applied nutrition, 443
Nutrition in developing countries, 425

OBESITY
Effect of tolbutamide on blood glucose, plasma free fatty acids and insulin in normal and obese children, 290
Free fatty acids in obese subjects treated with anorexigenic drugs (phenmetrazine) (SPC), 311
Obesity-hypoventilation (Pickwickian) syndrome in a child, 264
OVARIAN NEOPLASMS
An epidemiologic study of carcinoma of the ovary in Israel, 820
OXIDOREDUCTASES
Serum enzyme activity in hypothyroidism, 285

PHARMACOGENETICS
Pharmacogenetics, 488
PHENMETRAZINE
Free fatty acids in obese subjects treated with anorexigenic drugs (phenmetrazine) (SPC), 311
PHOSPHORUS
Alterations in the mineral composition and metabolism of rat fetuses and their placentas induced by maternal hypervitaminosis D_2, 827
Urinary excretion of calcium and phosphorus following gastrectomy. An experimental study in rats (SPC), 152
PITUITARY HORMONES
Pituitary hormones and the mechanism of induction of liver cancer with *N*-hydroxy-*N*-2-fluorenylacetamide, 1223
Psychological aspects of pituitary insufficiency in children and adolescents with special reference to growth hormone, 953
PLACENTA
Does the placenta contain an antirejection factor? (SPC), 310
The placenta and fetal tissues. A cooperative enterprise for the synthesis of steroids, 270
PLASMODIUM
Precipitins in mice immunized with attenuated strains of malaria parasites (SPC), 1265
Recent researches on rodent malaria parasites, 1057
POPULATION GROWTH
Population growth and its control: Socioeconomic, health and philosophic aspects, 503
Population problems: Medical and public health, 517
PORTACAVAL ANASTOMOSIS
Studies in hepatic injury induced by experimental portacaval shunts, 155
POTASSIUM
Utilization of energy sources for potassium accumulation in EDTA-treated cells of *Escherichia coli*, 227
PRECANCEROUS CONDITIONS
Spontaneous partial regression of 9–10 dimethyl 1–2 benzanthracene-induced epithelial atypia in the hamster cheek pouch (SPC), 913
PRECIPITINS
Precipitins in mice immunized with attenuated strains of malaria parasites (SPC), 1265
PREGNANCY COMPLICATIONS, HEMATOLOGIC
A therapeutic trial in anemia of pregnancy, 218
PROGESTERONE
Effect of progesterone on glucose tolerance in women, 878
PROTEINS
Inhibition of the growth of cultured cells by arginase and soluble proteins from mouse skin, 1216
PROTEINURIA
Heart failure, proteinuria, hyperglobulinemia and rapid sedimentation rate (CPC), 1044

PULMONARY CIRCULATION
Effect of acute blood loss on pulmonary compliance in the rabbit, 1241
PURINES
Increased formation of 5-phosphoribosyl-1-pyrophosphate in red blood cells of some gouty patients, 939
PYRIMIDINES
The oxidant effect of isouramil on red cell glutathione and its synergistic enhancement by ascorbic acid or 3,4-dihydroxyphenylalanine. Possible relation to the pathogenesis of favism, 852
PYRROLIZIDINE ALKALOIDS
Chemical structures and pathological effects of pyrrolizidine alkaloids, 1133

QUESTIONNAIRE
The development of a dietary questionnaire for an ischemic heart disease survey, 195
The use of questions as an indication of active rheumatoid arthritis, 210

RADIATION INJURY
Problems of accidental radiation, 495
RADIATION-PROTECTIVE AGENTS
Changes in the enzyme levels of mouse organs after leukemogenic doses of X-ray and treatment with radiation leukemia protection factor, 1188
RADIOTHERAPY
Extracorporeal irradiation of bone tumors (SPC) 1015
RESEARCH
Training for research and teaching, 677
Training for research and teaching, 682
RESPIRATION
Central organization of the tachypneic response of carotid body chemoreceptors to cyanide stimulation, 837
RHEUMATIC FEVER
Immunoglobulins in rheumatic fever, 815
Primary prevention of rheumatic fever in Jerusalem schoolchildren. 1. Rationale and results of the pilot study, 801
Primary prevention of rheumatic fever in Jerusalem schoolchildren. 2. Identification of β-hemolytic streptococci, 809
RODENT DISEASES
Recent researches on rodent malaria parasites, 1057
ROOT CANAL THERAPY
In vitro studies on the effect of heat on root canal enlargement by EDTA (SPC), 302
RURAL HEALTH
Rural health, 553
Rural health problems and some aspects of their solution, 544

SARCOMA, RETICULUM CELL
Malabsorption syndrome and watery diarrhea in a 21-year-old man (CPC), 164
SCHISTOSOMIASIS
Geographical and comparative pathology of liver diseases, 469
SCHOOLS, MEDICAL
Principles and methods for undergraduate medical education in developing countries, 638
SEX CHROMATIN
Inverse relation between nuclear size and incidence of peripheral sex chromatin (SPC), 307
SKIN
Inhibition of the growth of cultured cells by arginase and soluble proteins from mouse skin, 1216
SMALLPOX
Tropical diseases, 390
SOMATOTROPIN
Genetic aspects of pituitary dwarfism due to absence or biological inactivity of growth hormone, 895
Pituitary dwarfism with high serum levels of growth hormone, 883
Psychological aspects of pituitary insufficiency in children and adolescents with special reference to growth hormone, 953
SPRUE
A study of the ultrastructure of the human small intestinal mucosal epithelium in health and in idiopathic steatorrhea, 76
STERILITY
World Congress of Fertility and Sterility, 6th, Tel Aviv, 1968, 935
STEROIDS
The placenta and fetal tissues. A cooperative enterprise for the synthesis of steroids, 270
STREPTOCOCCUS
Immunological and biological nature of antigens of *Streptococcus mitis* and *Streptococcus salivarius*, 236
Primary prevention of rheumatic fever in Jerusalem schoolchildren. 1. Rationale and results of the pilot study, 801
Primary prevention of rheumatic fever in Jerusalem schoolchildren. 2. Identification of β-hemolytic streptococci, 809
STRESS
Differential effects of hypothalamic deafferentation on responses to different stresses (SPC), 908
SV_{40} VIRUS
Rapid titration of high concentrations of SV_{40} virus by immunofluorescence, 945

TEACHING
Training for research and teaching, 677
Training for research and teaching, 682
TENDON INJURY
Anatomical observations leading to new proposals for the repair of flexor profundus tendons, 962
TESTIS
Effect of ATP on ethionine-induced testicular damage in rats, 1236
THALASSEMIA
Hemoglobinopathies. Abnormal hemoglobins and thalassemias, 478
Red cell acid phosphatase activity in carriers of β-thalassemia trait and glucose-6-phosphate dehydrogenase deficiency, 858
THALIDOMIDE
Unsatisfactory results with thalidomide as a specific treatment for leprosy, 901
THYMUS GLAND
Differentiation of the thymus-leukemia (TL) antigen in the thymus of mouse embryos, 1210
The mechanism of radiation action in leukemogenesis. III. Thymolytic effect induced by the leukemogenic agent, 1169
Studies on the role of the thymus in viral tumorigenesis. I. Effect of thymectomy on induction of hyperplastic alveolar nodules and mammary tumors in BALB/cfC3H mice, 1195
Studies on the role of the thymus in viral tumorigenesis. II. Effect of thymectomy on induction of hyperplastic alveolar nodules in BALB/c mice infected with mammary tumor virus at various ages, 1204
TISSUE CULTURE
Inhibition of the growth of cultured cells by arginase and soluble proteins from mouse skin, 1216
TOLBUTAMIDE
Effect of tolbutamide on blood glucose, plasma free fatty acids and insulin in normal and obese children, 290
TOOTH, DECIDUOUS
Pulp pathology in deciduous teeth. Clinical and histological correlations, 1244
TOXOPLASMOSIS
The transmission of toxoplasmosis, 1074
TRANSPLANTATION IMMUNOLOGY
Does the placenta contain an antirejection factor? (SPC), 310

URBANIZATION
Urbanization and health, 532
UREA
The effect of hypernatremia on urea production in nephrectomized rats, 833
URETHANE
A quantitative study of the leukemogenic action of whole-body X-irradiation and urethane. 1. In adult C57BL mice, 1159
A quantitative study of the leukemogenic action of whole-body X-irradiation and urethane. 2. In newborn C57BL mice, 1164
URINARY TRACT INFECTIONS
The value of urinary β-glucuronidase activity in the assessment of urinary tract infections, 1249

VACCINES
Immunization against brucella with killed vaccines. III. Experiments in mice, 246
VAGINITIS
Epidemiological significance of oral *Candida* in recurrent candidal vaginitis (SPC), 1268
VENA CAVA, SUPERIOR
Superior vena cava syndrome, due to mediastinal granuloma, treated by surgical reconstruction, 252
VITAMIN B_{12}
Amyloidosis of the stomach associated with impaired gastric secretion of intrinsic factor and the development of vitamin B_{12} deficiency, 1005
Serum B_{12}—a diagnostic test in liver disease, 47
The uptake of $CO^{57}B_{12}$ by rat liver slices. 1. Effect of calcium and intrinsic factor. 2. Demonstration of an intrinsic factor-like effect in human serum, 843
VITAMIN D
Alterations in the mineral composition and metabolism of rat fetuses and their placentas induced by maternal hypervitaminosis D_2, 827

WATER
The human colon: Its study and absorptive functions, 140
WEST NILE VIRUS
Isolation of an "antigenic variant" of West Nile virus, originating from a chronic infection of the virus in LLC cells (SPC), 911
WOLFF-PARKINSON-WHITE SYNDROME
Wolff-Parkinson-White syndrome in the presence of intermittent atrioventricular block, 258
WORLD HEALTH NEWS
Blindness, 932
The world health situation, 319
WOUNDS AND INJURIES
Acute peripheral arterial occlusion due to blunt traumatic rupture of the intima, 905
